CiF president Jaume Ferrer and the president of Illa de Formentera tennis club, Jorge Jiménez, sat down to make official the administration and the club's partnership agreement for maintenance and use of the Council's tennis and padel courts in 2019.

Under the terms of the deal, the Formentera Council allows the tennis club to use, run and maintain the municipal courts on camí de Porto-salè. The administration pledges €11,000 to cover management and maintenance. The club, Club Tennis Illa de Formentera, must facilitate access, use and enjoyment of the space for other organisations, plus other imperatives like assuring the site's regular maintenance and staffing.
