

The Formentera Office of Youth is pleased to report that as part of celebrations for the feast day of Sant Jaume, the 2022 Young Night (*Nit Jove*) will take place Friday 22 July. "This gathering of Formentera bands and musicians is specially designed for the young people of the island", said Vanessa Parellada, councillor of youth, who after two years of proliferating restrictions on such celebrations hopes that "everyone can enjoy these concerts". The show starts at 9.30pm in Plaça de la Constitució, in Sant Francesc.

The first to take the stage will be Camilo Puerta, A.K.A. Babymilo, a young man known for rhythm, rhyming and talent in improvisations on the microphone. Next, Tur, Lu, Flaco Fer and DJ Day-N will present their own collection of songs written, produced and recorded on Formentera. Regulars at the Casal de Joves rehearsal room and open mics, the four are united by friendship and music in an urban music project that promises to ignite Nit Jove.
